# DELIGO SPECIFICATIONS

Product Code	Description	Box
MZ	Anchor Drive with 35mm Screw	100

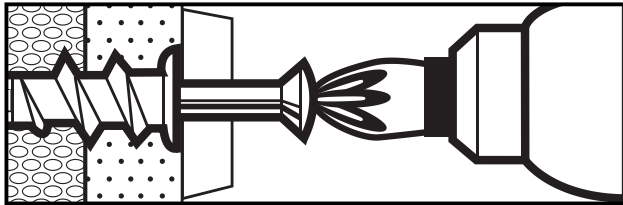

## Specifications

MZ - Plasterboard Fixing

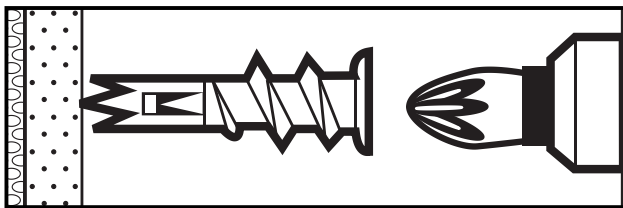

SUITABLE FOR:

Lightweight fixing only, ie  
shelves, mirrors etc

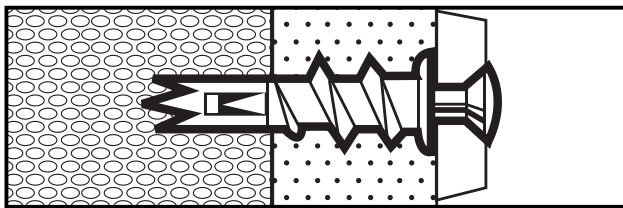

Not recommended for radiators  
or any heavy objects

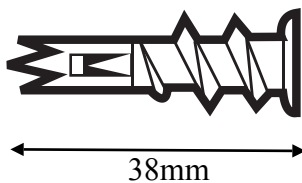

Position anchor drive to exact position as required. Using a cross recessed screwdriver, drive anchor home, allowing it to self drill.

Drive in until anchor drive is flush with surface and using a 35mm cross recessed panhead screwdriver, insert screw into drive. Secure fixture to anchor drive.

Please ensure that product is not used near pipes or electric cables.

## Material Specification

Anchor Material

Nylon & Steel

Plating

Steel Zinc Plated

## Applications

Anchor drives - boxed

*\*Features improved anchorage as a result of the expansion of the anchor*
