

CB100 - ECHO TERMINAL CONNECTOR BLOCKS

Description:

- Colour matched to Phase, Neutral, Earth and Functional Earth colours in accordance with IEC 60446 standards allowing the easy identification of connections.
- Blanking shutters are retained within the body of the connector ensuring unused entries are safely secured from contact.
- Cover is secured to body using a wire locking screw with 3mm hex (allen) key drive.
- Wire lock screw enables installer to add a wire lock for complete security.
- Dual screw terminations (3mm allen key) ensure a firm conductor connection.

IP Rating:

IP20-rated ingress protection for added safety.

OTHER ADDITIONAL INFORMATION

Operating Voltage (V)	230/400VAC
Rated Current	100A
Ingress Protection Rating	IP20
Terminal Tightening Torque	3Nm
Glow Wire Test	960°C
Mounting	Wall Mounting
Product Net Weight	0.17kg
Entry Cable Sections	2.5 - 35mm ²
