

DFSU2010 - FLEXIBLE CONDUIT PVC

Description:

Galvanised PVC Coated
Flexible Conduit

Construction: Galvanized Steel
helically wound with PVC coating

Usage: Increased Cable
protection, suitable for static and
dynamic applications keeps
flexibility & mechanical strength

Ingress Rating: IP54

Temperature: -15°C to +70°C

DFSU2010

OTHER ADDITIONAL INFORMATION

CONSTRUCTION:

BLACK FLAME RETARDANT LOW ACID PVC COVERING
GALVANISED STEEL CORE
