FSL - FIBREGLASS SAFETY PLATFORM LADDERS

Description:

Featuring a lightweight design, twin handrails, and a safety chain, this ladder is perfect for secure work at height, especially in environments where electrical hazards are present.

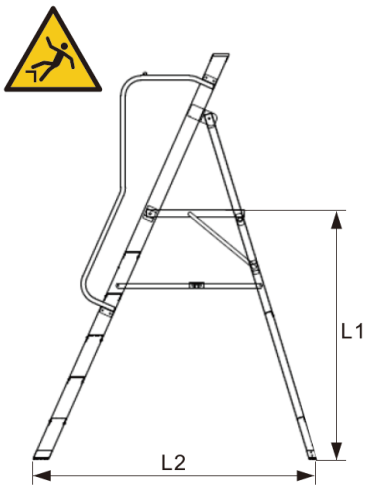

- Certified to BS EN 131 (Professional) standards
- Built to handle a 150Kg load

Additionally, safety platform ladders like these are becoming mandatory in certain worksites, making them a must-have for any professional looking to comply with evolving safety regulations. If you need to ensure safety and meet industry standards, this ladder is the perfect investment.

OTHER ADDITIONAL INFORMATION

Code	Closed Height (mm)	Open Height (mm)	L1 (mm)	L2 (mm)	Platform Size (mm)	Weight (kg)
