

SFIL - LIGHTWEIGHT FILLER**Description:**

Usage: White paste for filling large holes and general repair both internally and externally

Materials: Plaster, concrete, brick, wood & stone. Quick-drying, Mould and sound-resistant

SFIL

OTHER ADDITIONAL INFORMATION**Uses:**

Bond It ONE HIT WONDER is suitable for use internally and externally, on uneven surfaces for delicate repair work and in areas which are difficult or awkward to fill e.g. ceilings. Effective for filling large holes in a single application as It is non-slumping and shrink resistant, which reduces the need to build up of layers of fillers.

This ready to use paste is suitable for use on plaster, concrete, brick, wood and stone.

Preparation:

Surfaces are clean, dry and free from any other contaminants that may hinder adhesion. To prevent rusting, any nail and screw heads must be covered with an oil-based primer prior to application.

Application:

Mix Bond It ONE HIT WONDER to a smooth paste. If it is too dry add a small amount of water and re-stir. Apply directly into the hole/gap, ensuring it is completely filled. Smooth the surface with a wetted pallet knife. Remove any excess material and allow to dry for at least 15 minutes (dependant on ambient temperature and gap size and depth.)

Once dry, the filler can be sanded to give a smooth and even surface, if required. Where deep gaps have been filled the surface will dry in 15 minutes, however, care must be taken not to disturb the unset filler below the surface if over painting, etc. For outdoor applications, the gaps should be sealed with an oilbased paint. (When using oil based paints leave filler to dry for 12 hours). Deep applications will have extended drying times.

After use replace the plastic film and ensure lid is securely fixed in place. Wash any tools in warm soapy water.

Limitations:

Do not use in temperatures below 5°C or externally when rain is imminent. This product is not suitable for use in areas subject to continuous water immersion.

Container Sizes:

500ml & 1ltr plastic tubs

Colour:

White paste

Shelf Life:

12 months when stored in original unopened tubs.

Storage Conditions:

Store in a cool, dry conditions and protect from frost.

Disposal of Containers:

Do not leave empty containers where residue could be harmful to children, animals or the environment. Replace lids and remove any containers to a central disposal point in accordance with local regulations.

| Specification Summary | |
|-----------------------|----------------------|
| Flammability | Non - Flammable |
| Chemical Composition | Acrylic based filler |
| Appearance | White paste |
| Solubility in Water | Soluble |
| pH | 7-8 |
| Boiling Point | 1000°C |

SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/ UNDERTAKING

1.1. Product Identifier

| | |
|--------------|-------------------------------------|
| Product Form | : Mixture |
| Product Name | : One Hit Wonder Lightweight Filler |
| Product Code | : SFIL/SFIL1 |

1.2. Relevant identified uses of the substance or mixture and uses advised against

1.2.1. Relevant identified uses

| | |
|------------------------------|-----------|
| Use of the substance/mixture | : Fillers |
|------------------------------|-----------|

1.2.2. Uses advised against

No additional information available

SECTION 2: HAZARDS IDENTIFICATION

2.1. Hazards Identification

Classification of the substance or mixture

Classification according to Regulation (EC) No. 1272/2008 [CLP]
Not Classified

Adverse physiochemical human health and environmental effects
To our knowledge, this product does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice.

2.2. Label Elements

Labelling according to Regulation (EC) No.1272/2008 [CLP]

| | |
|----------------|---|
| EUH-statements | : EUH208 - Contains reaction mass of 5-chloro-2-methyl-2H-isothiazol-3-one and 2-methyl- 2H-isothiazol-3-one (3:1)(55965-84-9). May produce an allergic reaction. EUH210 - Safety data sheet available on request. |
|----------------|---|

2.3. Other Hazards

No additional information available

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

3.1. Substances

Not applicable

3.2. Mixtures

This mixture does not contain any substances to be mentioned according to the criteria of section 3.2 of REACH Annex II

SECTION 4: FIRST AID MEASURES

4.1. Description of first aid measures

| | |
|---------------------------------------|--|
| First-aid measures after inhalation | : Remove person to fresh air and keep comfortable for breathing. |
| First-aid measures after skin contact | : Wash skin with plenty of water |
| First-aid measures after eye contact | : Rinse eyes with water as precaution |
| First-aid measures after ingestion | : Call a poison centre or doctor if you feel unwell |

4.2. Most important symptoms and effects, both acute and delayed

| | |
|-------------------------------------|--|
| Symptoms/effects after skin contact | : May cause slight irritation to the skin. |
| Symptoms/effects after eye contact | : May cause slight irritation. |

4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

SECTION 5: FIRE FIGHTING MEASURES

5.1. Extinguishing Media

| | |
|------------------------------|---|
| Suitable extinguishing media | : Water Spray. Dry Powder. Foam. Carbon Dioxide |
|------------------------------|---|

5.2. Special hazards arising from the substance or mixture

| | |
|--|--------------------------------|
| Hazardous decomposition products in case of fire | : Toxic fumes may be released. |
|--|--------------------------------|

5.3. Advice for Fire-fighters

| | |
|---------------------------------|--|
| Protection during fire fighting | : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. |
|---------------------------------|--|

SECTION 6: ACCIDENTAL RELEASE MEASURES

6.1. Personal Precautions, Protective Equipment and Emergency Procedures

6.1.1. For Non-Emergency Personnel

Emergency procedures : Ventilate spillage area.

6.1.2. For Emergency Responders

Protective Equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".

6.2. Environmental Precautions

Avoid release to the environment.

6.3. Methods and material for containment and cleaning up

Methods for cleaning up : Minimise generation of dust.
Mechanically recover the product. Then wash with plenty of water. This material and its container must be disposed of in a safe way, and as per local legislation.

Other information : Dispose of materials or solid residues at an authorized site.

6.4. Reference to other sections

For further information refer to section 13.

SECTION 7: HANDLING AND STORAGE

7.1. Precautions for safe handling

Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment.

Hygiene measures : Do not eat, drink or smoke when using this product. Always wash hands after handling the product.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a well-ventilated place.
Keep cool.

7.3. Specific end use(s)

Fillers, putties, plasters, modelling clay.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1. Control parameters

No additional information available

8.2. Exposure controls

Appropriate engineering controls:
Ensure good ventilation of the work station.

Hand Protection:

Protective Gloves

Eye Protection:

Safety Glasses

Skin and Body Protection:

Wear suitable protective clothing

Respiratory Protection:

In case of insufficient ventilation, wear suitable respiratory equipment

Environmental Exposure Controls:
Avoid release to the environment.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

9.1. Information on basic physical and chemical properties

Physical state : Liquid

Appearance : Paste

Colour : white.

Odour : slight.

Odour threshold :No data available

| | |
|--|---------------------|
| pH | : 7.5- 9 |
| Relative evaporation rate (butylacetate=1) | : No data available |
| Melting point | : Not applicable |
| Freezing point | : No data available |
| Boiling point | : No data available |
| Flash point | : No data available |
| Auto-ignition temperature | : No data available |
| Decomposition temperature | : No data available |
| Flammability (solid, gas) | : Not applicable |
| Vapour pressure | : No data available |
| Relative vapour density at 20 °C | : No data available |
| Relative density | : 0.31 - 0.34 |
| Solubility | : No data available |
| Log Paw | : No data available |
| Viscosity, kinematic | : No data available |
| Viscosity, dynamic | : No data available |
| Explosive properties | : No data available |
| Oxidising properties | : No data available |
| Explosive limits | : No data available |

9.2. Other Information

No additional information available

SECTION 10: STABILITY AND REACTIVITY

10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

10.2. Chemical stability

Stable under normal conditions.

10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

10.4. Conditions to avoid

None under recommend storage and handling conditions (see section 7).

10.5. Incompatible Materials

No additional information available

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11: TOXICOLOGICAL INFORMATION

11.1. Information on toxicological effects

| | |
|-----------------------------------|-------------------------------|
| Acute toxicity (oral) | : Not classified |
| Acute toxicity (dermal) | : Not classified |
| Acute toxicity (inhalation) | : Not classified |
| Skin corrosion/irritation | : Not classified. pH:7.5-9 |
| Serious eye damage/irritation | : Not classified. pH:7.5-9 |
| Respiratory or skin sensitisation | : Not classified. |
| Germ cell mutagenicity | : Not classified. |
| Carcinogenicity | : Not classified. |
| Reproductive toxicity | : Not classified. |
| STOT-single exposure | : Not classified. |
| STOT-repeated exposure | : Not classified. |
| Aspiration hazard | : Not classified. |

SECTION 12: ECOLOGICAL INFORMATION

12.1. Toxicity

Ecology - general

: The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.

Hazardous to the aquatic environment, short-term (acute) Hygiene measures

: Not classified

Hazardous to the aquatic environment, long-term (chronic)

: Not classified

12.2. Persistence and degradability

No additional information available

12.3. Bioaccumulative potential

No additional information available

12.4. Mobility in soil

No additional information available

12.5. Results of PBT and vPvB assessment

No additional information available

12.6. Other adverse effects

No additional information available

SECTION 13: DISPOSAL CONSIDERATIONS

13.1. Waste treatment methods

Waste treatment methods

: Dispose of contents/container In accordance with licensed collector's sorting Instructions.

SECTION 14: TRANSPORT INFORMATION

In accordance with ADR /RID/ IMDG / IATA / ADN

| ADR | IMDG | IATA | ADN | RID |
|-----|------|------|-----|-----|
|-----|------|------|-----|-----|

14.1. UN number

| | | | | |
|----------------|----------------|----------------|----------------|----------------|
| Not applicable | Not applicable | Not applicable | Not applicable | Not applicable |
|----------------|----------------|----------------|----------------|----------------|

14.2. UN proper shipping name

| | | | | |
|----------------|----------------|----------------|----------------|----------------|
| Not applicable | Not applicable | Not applicable | Not applicable | Not applicable |
|----------------|----------------|----------------|----------------|----------------|

14.3. Transport hazard class(es)

| | | | | |

| Not applicable | Not applicable | Not applicable | Not applicable | Not applicable |
|----------------|----------------|----------------|----------------|----------------|

14.5. Environmental hazards

| | | | | |
|----------------|----------------|----------------|----------------|----------------|
| Not applicable | Not applicable | Not applicable | Not applicable | Not applicable |
|----------------|----------------|----------------|----------------|----------------|

No supplementary information available

14.6. Special precautions for user

Overland Transport
Not applicable

Transport by sea
Not applicable

Air transport
Not applicable

Inland waterway transport
Not applicable

Rail transport
Not applicable

14.7. Transport in bulk according to Annex II of Marpol and the IBC Code

Not applicable

SECTION 15: REGULATORY INFORMATION

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

15.1.1. EU-Regulations

Contains no REACH substances with Annex XVI restrictions

Contains no substance on the REACH candidate list

Contains no REACH Annex XIV substances

Contains no substance subject to Regulation (EU) No 649/2012 of the European Parliament and of the Council of 4 July 2012 concerning the export and Import of hazardous chemicals.

Contains no substance subject to Regulation (EU) No 2019/1021 of the European Parliament and of the Council of 20 June 2019 on persistent organic pollutants

15.1.2. National regulations

No additional information available

15.2. Chemical safety assessment

No chemical safety assessment has been carried out

SECTION 16: OTHER INFORMATION

Full text of H- and EUH-statements:

| | |
